

Speaker 1:

Hello. Welcome to What Will It Be? It's just me sitting in my basement after retirement many years ago, and I was led by the spirit to do a podcast. So, basically, I'm an older guy, and I'm talking to predominantly a young crowd, and my only reason for being, I'm not a preacher, I am a teacher ordained by Jesus Christ himself. And I'm not going to be religious about you. Religion has given God a bad name. I want to talk to you as a person, and if you want scriptures, I can do that for you, or you can look it up yourself, the exact words, but some of the things I want to teach you are not in the Bible. They're from the Holy Spirit that dwells in me. And these preachers, not to come down on them, I promise not to say bad things about them, but I would encourage them...

Speaker 1:

What God's most interested is getting that dead spirit in you, dead spirit means not connected to God, and he wants to give you a new spirit that is capable of housing the Holy Spirit, and is connected to God, so that you can receive information from the kingdom directly, current, up-to-date things from God. But you could only do that with a brand new spirit that's capable of housing the Holy Spirit, who is Jesus ascended to heaven and asked the father to send the Holy Spirit that was in him back down into all those who ask for it. I know there's a current belief going around that you get the Holy Spirit at birth. I was born again at eight years old, and it was 40 years later before I received the Holy Spirit. And since then, everything is all right with me. Everything. I should've been dead many times. I was an air force guy, an aircraft mechanic. Many times I should have been dead, but the Holy Spirit stepped in, and his angels.

Speaker 1:

So I'm here, not to recruit you. I'm a seed planter. As all people who are born again, as Jesus said, the part of the Holy Spirit is to convict you of your sins, which means everybody born was born spiritually disconnected from God, or born dead. Everybody. When Jesus walked on this earth, and his flesh and bones, Jesus' flesh and bones, and Christ is the spirit within him. And his soul... Let me say, second Thessalonians five 22, 23 states that you are, according to God, a spirit that has a soul that's in a body.

Speaker 1:

So he, without the connection to God, you cannot receive information from him. No, though we try. Whatever you say, it doesn't matter. It only matters to one thing, what Jesus did. It's not about you, it's about not living right or anything like that. Holy Spirit is you being born again. That's paramount. And you see the Holy Spirit, just like you just did, so you can do the things Jesus did.

Speaker 1:

So I'm out to do this one thing, one thing only. Get as many people born again as I can, get them filled with the Holy Spirit, and the Holy Spirit could take from there. The only reason I'm doing this podcast is I have a physical body and I'm able to be a podcaster. The Holy Spirit is everywhere. God the father is everywhere. So is Jesus. I get up saying, "I love you." So, let's start with this one, simple thing. Who, or what is God? What does God say of himself? What does he say he is? In the Bible, he says he is a spirit.

Speaker 1:

There was nothing before God. He always was, is, and forever will be. He is spirit. He is light. We have come to know that light is the same thing is your soul, which is your mind, your will, your emotions, and

are in a physical buddy. Our God says that he is spirit, light and love. Not has love, is love. And this spirit they God is says everything begins and ends with love. Love is the cornerstone of all things. It's the most powerful thing that ever was because it was the beginning of everything.

Speaker 1:

Everything came from it. Hate is a type of love, but it is contrary to God. Why is that so? I can feel the demons surrounding me. I told you I wouldn't try to be religious because all they want is your money. I don't care anything about your money. I'm doing work for the kingdom, so I know that God will supply all my needs. It always has and always will, and because my life is his and whatever he wants me to do I'll do. I'm going to tell you something. You may not be aware of it, but you won't hear it from any preacher anywhere. I will tell you because Holy Spirit has put it on my heart to tell you. Everybody that is a human being of sorts is going to heaven.

Speaker 1:

"What? [inaudible 00:07:39]" No. You got a choice. You can stay as you are because Jesus paid the price for everybody, for all. Died once for all. He didn't say, except for this, or for that or whatever, he says for all. Now, you come to heaven with an old spirit, a dead spirit. [inaudible 00:08:06] You're going to be a slave. A worker. Let that settle in for a second. Hell was created for Satan, or Lucifer which his original name, because, well, we'll talk about it a little later. The other choice you have is to be born again, a spirit born again, and you become a member of God's Holy family. Your choice. You could become a slave in heaven or a family member.

Speaker 1:

And if you asked for and received the Holy Spirit, you will have power. Power is simply ability to do something, but all power is God. He's omnipotent, that is, he is powerful beyond belief. And Jesus the son of God is the only begotten son. I am, through Jesus, a begotten son of God, because I received a living spirit, which he is known as the living spirit, Jesus. That I am an adopted son of God, and Holy Spirit lives with me, and he talked to me, and I'm in this world [inaudible 00:10:03]. Now, his voice is totally different than mine. I can hear my voice. I have [inaudible 00:10:10], but he speaks to me differently. He speaks to me any way I can hear him. He is responsible for rounding up everybody on earth.

Speaker 1:

What's called the church, and that true church is a spiritual church, with which Jesus is the head priest and the King of the kingdom of God. The kingdom of God, I guess I'd love to talk about it. The kingdom of God is in you. It's your spirit. That is a turf, you say, or your territory. It is your kingdom. And if you would like to be a part of getting people saved, the old fashioned word, what's you're saying is we were a better country when we had a lot of people that were saved or full of Holy Spirit, because the Holy Spirit is more dominant. We say he, but it is not a he and not a she, because it, the Holy Spirit, doesn't have a body, an earthly body. He's spirit. He's like the air, he's everywhere. When you walk in on the earth, you're actually walking through heaven because whatever you can't see, there's a lot there.

Speaker 1:

See, where I'm waving, on the other side of your hand, over here, what you can't see, is heaven. Because he said, he, God, said that when he formed earth, it split the firmament. And he said, that's the expanse. That's between water and heaven where rains is, and there's firmament on the ground where there's lakes, and streams, and water. And in between there, the distance in there, he's called heaven.

So, heaven is not some distant planet on the back side of the moon or wherever. God is omnipresent, everywhere. So I know some of you say that you don't believe this. Well, you can become a slave, and a slave and heaven is not like a slave on earth. You'll be doing things [inaudible 00:13:02] be above everybody. You'll be a nobody. You'll be low angels.

Speaker 1:

I see I've got two minutes, there. I only want to hold you about 15 minutes, so you can watch this anywhere. You can go out to your car, anywhere, and watch it anywhere you can get the podcast. Anyway, this is our first one. We've got a lot to talk about. And I appreciate hearing back from you. I want to hear you so I can teach you things that I had learned over a period of time. That God is real. There's no mistake. I don't want anything from you. If anything, I want to bless you.

Speaker 1:

Those that people that are born again are blessed of God in every way you can imagine, and then some. He will provide you with stuff you hadn't even thought about. People cannot cheat you because the Holy Spirit's in you. Look, it's a such an event. How did I come along in this? First of all, I wanted to know how the apostles saved 3,000 people in a single day. And that's where it started. I have 30 seconds to go for 15 minutes of podcast. This is my very, very first podcast, and I had just talked off the cuff as the Holy Spirit has led me to speak. So I'm a little bit of everything. So I'm going to be saying goodbye for now.
