

Speaker 1:

Welcome, where the only question is, what will it be?

Robert:

Good morning. This is Robert with What Will It Be? Just in case you don't know what's going on here, this is a podcast. This is about 15 minutes. And I'm talking to you as a friend. There's plenty of apostles or whatever they want to call themselves teaching you the Bible. You can pick up a Bible and read it anytime you want to. But if the spirit is not in you, you will not interpret it properly. You may want to add, if you're spiritually dead you have no right to comment on the Bible because you will not know what it says. But if you're born again and have a new spirit, you will have the mind of Christ and you can properly... The Holy spirit is living in you. You can read the Bible and it will come alive. It will come off the pages.

Robert:

Anyway, I wanted to talk to you as a friend would talk to another friend and not as a preacher or teacher. I'm a teacher, but I am not a preacher. And therefore if I need to cite chapter and verse, I can do that. But I would rather just talk to you like I was talking to you anywhere, just have a conversation. But unfortunately, this is podcast and this podcast only goes one way. You could drop me an email if you choose to. I will tell you what that is in its order. I'm having a time sorting things out as for a website and all that is. I want you to comment if you'd like to.

Robert:

I told you I don't care about your money. I don't. I have the Holy spirit and He provides whatever I need whenever I need it and that's fine with that. But if you want to contribute to the podcast in some way, I'll set up something to do that with you.

Robert:

But basically you were born spiritually dead. Get that in your head. If you are not a born again person, the best you can hope for is to be a slave, also a servant, in heaven. Heaven is a place and heaven is on the earth, not of the earth. In other words, it's not in the earth inside. It's on the walking surface. And of all the parts that you can not see right here, wherever, is heaven. That's who you pass. The old people would say so-and-so has passed away. They had passed on. They didn't go someplace. There's old songs like I remember seeing when I was a kid, In the Sweet Bye and Bye.

Robert:

Okay. What's the benefit of being born again? You get to be a member of God's Holy family just by the confession of your mouth to Jesus. I accept Jesus as my Lord and Savior, as my brother. He's Lord of my life. He's owner, he owns me. And I know some people's like, they are their own person. They are not. You are either influenced by Lucifer who became Satan or you are influenced by God. Your choice. You have to make this [inaudible 00:00:04:40].

Robert:

I had teacups this morning and as is my custom, I don't edit anything, or very little. So I'm going to talk to you with burps and imperfections and all that stuff, and I'm just going to be me. And then we can get along. That's good.

Robert:

I enjoy people that have gone to church their whole life and didn't know anything about the Holy Spirit. I was like that. I'll talk about [inaudible 00:05:12] a little bit. I was born again at eight years old in a place called Alma, Arkansas, but I'm not there anymore. Anyway, this church was about 250-300 people maybe, a classic Baptist church and the Baptist I came to know was all about water baptism. We can talk about that. Which is higher, being baptized with the Holy Spirit or being baptized by water?

Robert:

John the Baptist baptized by water. Jesus baptized with the Holy Spirit. Which is better? Holy Spirit, of course. The third person of the Godhead, God the Father, God the Son, God the Holy Spirit. I know there's people in churches that believe different things, but the centerpiece of all of it is being born again. This is why. You are cut off from God. You do not know God as a person, have personal relationship. Once you're born again, trying to do such a thing, trying to do certain things not being born again, being spiritually dead, you cannot know God and you will have a soul and your soul will dictate your flesh. Your flesh will take the ways of the world. So you go riot. You will do all the things that the world will do.

Robert:

Or you could be born again and have the Holy Spirit, ask for the Father to give you the Holy Spirit of healing in you. Otherwise, He'll be outside of you if you're born again.

Robert:

Anyway, and to the persons that your spirit will speak, that's called tongues. What I am speaking is known as American English and it's coming from my brain not from my spirit. Now, when I'm speaking from my spirit it's called tongues. So my spirit speaks. That's what I'm speaking to you now is from my spirit, not my brain. I'm just wagging my tongue and noise is coming out. But the noise originated from the throne of heaven and it's coming to my spirit, it's coming to my brain or my soul and to my tongue. It's wagging my vocal chords and it's called tongues. You hear all this stuff about gibberish or you speak in the angel's tongue, speak like a spirit. Your spirit speaks. That's the spirit that's alive. And that word is coming from God.

Robert:

And when you renew your mind to how a mind lives in this world, this physical world, you can go by the word of God. But [inaudible 00:09:10] the Holy Spirit was the center of God, it was the Holy Spirit of God and Jesus is in there as well because he's the son of God. And I know a lot of people who believe differently, but I challenge you to pick up the book called the Bible, preferably the King James or the new King James because over time it's been proven to be accurate. And the results you get from reading it, I have never read about or heard of anybody ever reading the Bible cover to cover and not being a believer at the end. All the ones I have known, many, many millions perhaps.

Robert:

And so here's what I'm saying to you. Pick up the Bible, start reading. You have a phone and there's plenty of apps now for the Holy Bible. You can download the app any time you want and start reading. I would suggest you start with Matthew, Mark, Luke, and James. Then Acts. Then if you want to, you can go back to the beginning to Genesis.

Robert:

I wouldn't just read one because the Old Testament, I also call it personally in my thought, before Christ, that's the Old Testament and after Christ because they're different. Some are just extensions of other of the priest things and some are totally new. God is the same yesterday, today, is always the same. He is not doing the evils. God is not evil. He's not bloodshed. He will not kill. He will not steal and he will not destroy. He's just the opposite. And what he's willing to do, he created time. He created the planets, the solar system. It's all his. It's his handiwork. And we're a part of that creation.

Robert:

The original Adam was a servant. He was a gardener. He was pressed to take care of the earth, to expand the garden of Eden to all the earth so the earth would be more beautiful than it is now. But Adam thought that he could be more than he was or he accepted Lucifer's interpretation and they use an angel, a cherubim angel. You probably already know this, but anyway, I'm rambling on because it's what the Holy Spirit put in me to say.

Robert:

Anyway, I want to say to you, really, in your heart of hearts, what do you say Jesus Christ is? To me, Jesus is flesh and bones. Christ is his spirit and he's God. He's God the Father, God the Son, one part is one God. And there's three facets of the God all within one.

Robert:

You saw Jesus's flesh, you heard him speak and think and all these things. That was his soul. He could function like anybody, but his spirit was the son of God, the same spirit as God the Father has. Same one as the Holy Spirit. And you, hopefully you're a born again person and your spirit and the Holy Spirit are combined into one where all three of the God and you and everybody else are all one. Spiritually, you are vast. You are everywhere. God is omnipresent everywhere.

Robert:

Satan is not. Satan is not omnipresent. He is not everywhere. He's not the equal of God. He is a pittance, a little bitty thing. Really, when you see Lucifer, he's not this little red guy that people do on Halloween since it's Halloween season. He has no horns on his head and all that stuff. He was an angel. He's beautiful to look at. He's kind of feminine looking, but he's nothing. He has a way of sweet-talking you, but there's not an ounce of truth in him at all. So don't believe anything he says. If you do, the consequences, are, do you want to be a family member or do you want to be a servant? That's your choice. But I tell you this, Father will say after you that you become a family member.

Robert:

In other words, we're over time now. Boy, when you start rattling on, it's quick. How quickly things end. So I have to say goodbye for now and become a believer. In other words, be born again. Ask for the Holy Spirit. Until next time, this is Robert for What Will It Be?
