

Speaker 1:

Welcome, where the only question is, what will it be?

Robert:

Good morning. Welcome to, well, should be part of the day if you're going to listen to this. This is Robert and this is What Will It Be? To explain that point, you are born spiritually dead, and you are being given the opportunity by the work of Jesus Christ to be a member of God's family. Your choice, you can stay as you are. "I am not religious." I have been religious, I am a teacher, and you can go back in prayer podcast and find the rest of that out.

Robert:

What I want to talk to you is you know by the condition you're in that you're not connected to God and you say you don't care, because you're spiritually dead. You're being manipulated, too, by Satan, who was once called Lucifer, who was a cherubim angel, who had a dispute with his father, and he refused to serve, not to serve, Adam, because he said to Adam that he could be more than he was and that was the fall of man.

Robert:

Man has his own way. He believes he can be more than God, especially Lucifer. That is not true. You can only be what God says you are. If you're his son, then you're his son. If you're a reprobate, you're reprobate. God is the boss because there's nobody more powerful than he is, and likewise he created time, and we're in time, so he is forever.

Robert:

There's one thing I wanted to talk to you about. If you decide to become a member of God's family, you must surrender your dead spirit to Jesus Christ who is the king of our kingdom, and high priest of our church, and if you are born again you will receive these fruits of the spirit. These fruits will be like a tree, which means your spirit. Your spirit or your presence will be love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control. Now, these spirits will be into you and be evident.

Robert:

And it all starts with love. I can talk about all these nine gifts that you receive as a member of God's family. Love is chief among these. It's the basis of all, and you can't have joy without love. You can't have peace without love. You can't be patient without love. You can't have kindness, or goodness, or faithfulness, or gentleness, or self-control, without love. It's the basic thing. It's God.

Robert:

You can say, some people say this, "Well, the word love in man's domain, or the kingdom of darkness," which means ignorance of the way God operates, they use lust of the flesh. They think that's love. That's not love. That's lust. Or love of affection. Affection is personality type-thing. It's, "I like the way you smile, or I like the jokes you tell." It's stuff like that. That's not love unless there is love in it.

Robert:

Again, the fruit of the spirit, if you're born again, these will be evident in your personality on Earth, and if you ask for the holy spirit, he's even more of this. You can take his word and these words, the world

was built on words. Therefore, how do you explain this? Well, the holy spirit, once you cross in, ask for the holy spirit and receive it, it's written in the scripture that any, to whatever, ask, it will be done for him.

Robert:

I always taught and believed that any two people say what they want, they can have it. That's not so. It's you and the holy spirit. The holy spirit has the power. It's the spirit of God, the holy spirit, who can heal you. He can do whatever. To be joyful in the lord, you have to have love, and the only way you can get love is to be born again.

Robert:

I've got to take my time here. There we go. Has it been eight, nine minutes? Good. But again, you look at your situation, and tell me that you're being dictated to. Most people believe that they're doing their own thing. You're in a dead kingdom, and if you don't decide to give your dead spirit to Jesus, and he'll give you a new one, because he's authorized to do that, and then you ask father for the holy spirit, and he will give you that, and he's your mentor. He will be with you forever, even after this world, into the next one.

Robert:

And you'll be part of God's family. You'll have dual citizenship in Heaven. You can go to heaven and the spirit world anytime you want to go. Then you'll have the physical world that you're looking at right now. I go to heaven whenever I feel like it. It's not new to me. But if you wait around and don't change anything, you're going to be a slave on Earth, a servant in Heaven.

Robert:

And you will work for an angel in heaven, just like you were created. Jesus paid your sin debt, so you're technically working for him and his angels. What you'll be doing, I have no idea. It's whatever our king says you'll be doing. And me and mine are, I know that I'm a member of the family, and the holy spirit sent me so that I will be an adopted son of God, because love here came from Jesus, and I asked for the holy spirit, and I'm still learning how to be a spirit.

Robert:

But I've learned a lot, and some came from other people that I know. Most of it came from the holy spirit, so this is the third podcast, and I want to make sure you get born again, because there's nothing more pressing in your life right now as what you would do with it. You can stay and do nothing, suffer the consequences of that decision. In other words, you will be dictated to by demons, you will have many, because they are dark.

Robert:

You are dark. So the demons, you may think you're your own, but you're not. The spirit of light can't enter darkness, but darkness will not enter light, so there's nothing Satan or his demons can do to me, because I am of the light, so he will not even try. Because one word from me, and it's a bottomless pit for him. So he'll run from me, and all his people.

Robert:

Again, we're talking about eternity. Eternity, which is a long time. Ever, and ever, and ever, and ever, and ever. So if you do nothing, you're going to be a servant the rest of eternity, as far as I know. Our Jesus has given you the opportunity to be a family member, an adopted son of God, which is prestigious. My goal is I want to wind up being a pillar in the throne of God.

Robert:

Whatever it takes to do that, that's what my goal is, to be a pillar, and to hold up the whole thing. If I'm counted worthy, I would be very blessed to do that. If not, then, well, I'll see what it takes to do that. If not, then that isn't in the cards for me, in a manner of old expression. I wanted this to be, if you're somewhere in this world where I have studied the stats of this podcast, and we're going all over the world.

Robert:

And I think, "Yes!" It's wonderful, and it's great. So what do I have to do to get you to believe what I'm saying to you? I'm not. I'm contrary to every preacher you've probably ever come across, because they want to save you, they want to take credit. I cannot save you. I can give you some advice, but your generation, they don't like advice.

Robert:

They like to fumble all over themselves, and boy, I could, knowing what I know now, I'd listen a lot younger. And I did in some ways, and some things I lived a decent life, I guess. I got married, had some boys, and they've gone on their own way, and yeah, we've had some setbacks in life, but the one thing that I'm most proud of is my relationship with Jesus Christ.

Robert:

And I know there's other religions in the world, there's other belief systems, but this one, I got right. I got this one right because the more you learn about ... religion doesn't teach you about God. About God. Maybe you could read a book. I want to know God. He's like a family member.

Robert:

You know? I look in to talk to him, I can talk to him, we always talk about family and business. The family business is us. Are you a spirit, a living spirit, or a dead one? And what I can do to help that. If you're listening to this broadcast, or seeing this broadcast, it don't matter which one's which, as long as you hear this word: get saved.

Robert:

Old word. It means born again. That is your only thing. I would rather have you as a fellow member of God's family than a servant. God's had plenty of servants. He don't need anymore. Could use every, there's always the room, for one more. It don't matter what you've done in your life. Confess your sin to Jesus, and he's obligated. He will make you a member of God's family. So all it is is the decision that you make. The way he'll make this for you, I'm coming up on eight seconds to go.

Robert:

So I can remember the nine different fruits of the spirit. Like, again, this 15 minutes is going by pretty fast, so I'm going to say goodnight, or good afternoon. Good morning, good afternoon, wherever you are in the world. Goodbye, until next time.
