Hello. Welcome to What Will It Be podcast.com, where you must be [Inaudible 00:00:13] kicked around by Satan or become an adopted son of God. Here's Robert [inaudible 00:00:13].

Robert:

Morning. This is Robert with What Will It Be podcast, coming from somewhere in the U.S. of A, to anywhere you are in this world, whether it be this morning, this afternoon, or this [inaudible 00:00:26] good night.

Robert:

I want to talk to you about [inaudible 00:00:30] born again, and being a member or a citizen of the kingdom of God. It is where the kingdom of God is, it's in you. It's in what you call your heart. God lives in your heart; it's His kingdom. His government is not religion. It's His government. What does that mean? He takes care of you forever, as long as you're belong to him. But right now, your predecessor, Adam, turned treason against God, and went his own way, influenced by Satan, a cherubim angel. But Satan is no more. God showed who he was, how powerful He was, right off the bat. But if [inaudible 00:01:29] defeating Satan, [inaudible 00:01:30] in the desert, it was a battle of words, and Jesus won. He becomes the king.

Robert:

He is always been king, and will always be king. Father is the king of kings and it's a word, just a king. But if you have a territory, it's your heart. You have the ability to either be dead, spiritually dead, or you're alive. And only God is life. Everybody that is with God is alive, and everybody who is not of God is dead. And that's the consequences of our inheritance of Adam. Jesus brought the kingdom back with Him and He [inaudible 00:02:29] it forever. All the other kingdoms or governments of this world will pass away. Only the kingdom of God will remain.

Robert:

I want to talk briefly about... So the people talk about the kingdom of God and the kingdom of Heaven. Heaven is invisible. So is the kingdom of God. When you're talking about one, you're apparently talking about both of them, but Jesus talked about both. Then, here's the difference. One is in the invisible world; well, both of them are. One is a place inside the unseen, inside God. And the kingdom is inside of God, and He's inside of you, whether you're born again or not.

Robert:

You can enter into the kingdom of God only by being born again. You're flesh and bones, because you are born of water, but that which is born of the Spirit is the only way you can get into the kingdom. So you get to go to Jesus, who is Jesus Christ. Christ works in the Spirit. Well, you say you don't believe. Well, you should study God. Walk toward Him by reading and experiencing, and one day somebody will plant a word in you, a seed, and the Holy Spirit can use that seed and turn it into a flaming fire in you for God.

Robert:

Now you must ask for the Holy Spirit to enter up in you. He will be your mentor. He will teach you about the kingdom of God and your place in it, and what you'll be doing from now, for eternity. And I tell you

personally, the experience and the... It's worth everything, giving up everything you ever had. In fact, that's what it would [inaudible 00:05:01] for. It's very expensive in a sense of... In the way it's not a free thing. It's freely given. But it's going to cost you everything you think you know, and you don't know nothing until the Holy Spirit teaches you, who will teach you the right things and has the power and the know it at all, to fend off anybody that tells you.

Robert:

Once you're in a kingdom and you seek to learn everything you can, and to do the right thing, according to God, if that's righteous enough, if you preserve His kingdom and His righteousness as best you can, and you will know a lot more than you will ever know, and you will be able to do things you never thought about at all. Here and now, all you got to do is pursue the kingdom and the righteous of God, and God promises you while you are on this Earth, to all the food you can eat, all the drink that you can drink, water or whatever, and the clothes, the best clothes you can buy. The car, your house, your spouse. Man or woman. God doesn't condone homosexuality. It's not who He them for. He made Adam a helper, and it's part of him. He took a rib from Adam, making Adam one. Part one and part B. Or two A's and two B's, however you want to explain it. A female and a male that He made. And He called him Adam. Adam named his wife Eve. So they're equal. They're not [inaudible 00:07:17] Some things women are better at than men are, males. And then there's males that are better than some females at doing certain things. We have physical body. Women are not as physical. They're both of our spirits inside.

Robert:

What's important to God is not that. What's important is your spirit, your soul, and I'll explain what your spirit is. Your spirit is your heart, not the world part, not in the physical world. It's the spirit of God, that's what God is. He's primarily... He says it was [inaudible 00:07:59] he is a spirit. He is a light we've gotten to know as a soul. And He is love.

Robert:

So all those things can be yours. You can have, as a son, everything God said, everything He has, He can give to you. So start living like it. You will have power, but don't... You're not allowed to use a part any way you want to. You could align with God, the Father, through the Holy Spirit lives in you, says He agrees with whatever you want to do that's beyond human comprehension. You can cause people to do things they wouldn't normally do; that's what Satan does, or he tries to. He is below ground, below Earth. Above the Earth, walking on Earth is... God gave us that. He didn't give us the planet. He didn't give us the solar system and all the other planets and bodies that are [inaudible 00:09:21] That's God. It's all his domain. It's his place.

Robert:

So, what are you supposed to do? Come into the kingdom and seek the Holy Spirit to come in you, the Holy Spirit, and He will be your mentor. He will teach you all the right things to do, because there is no wrong in Heaven, or in the kingdom. The only problem you have is this body that you're in, and you have to overcome it and Jesus paid your sin debt. You don't have to worry about that. You just have to come into the kingdom, and what you will receive by doing this is more rewards beyond your comprehension. It's a spiritual kingdom and the God who made it, it's His... God's His kingdom. He has the all power, all knowing. He can change things as long as it's just. And justice is what He says it is. I don't care what you going think, what you going think doesn't matter unless God asks you for your thoughts. There is no opinion, there's only thoughts. What's your thoughts on this?

Robert:

Okay. God may, and probably will ask you, because He likes to hear your thoughts on things. You know, you were created to have conversations with Him, and the sooner you start, the better. You are a king, but a lowly king compared to Him. There's a kings of the kingdom. On Earth, there were five kingdoms in the Sodom and Gomorrah story. That actually happened. And so long ago they had kings, and they misled their people and people took their [inaudible 00:11:50]. So God, at the request of people, took them out. They were kings of a kingdom. Well, anyway, that means darkness. Darkness is the... It says in scripture that Lucifer became the devil, or you can call Satan. Satan's [inaudible 00:12:19] talk about everybody. Talking about the demons who are former angels and the devil.

Robert:

Okay, Satan is talking about everybody. Anyway, then what he's going to have to do; he wants to keep you out of the kingdom of God, and he is rulership of darkness. I have a real dark [inaudible 00:12:50]. It's not a kingdom at all. He can't defend it at all. It's only... The people have a choice; you must choose God. He's [inaudible 00:13:01]. When this world, as you see, will be nothing but flesh and bone people, filled with the Holy Spirit and doing things the way things God wants them to do. From heaven... Here's the difference in me, what I'm talking about, and a lot of religious people. Religion teaches, one day, when God comes back, or you die, you're going to Heaven. Totally disagree. You will be able to go to heaven, but it's not totally for you.

Robert:

I have a problem with my camera here. I have a habit of looking at my monitor here.

Robert:

Anyway, the kingdom of God, God's government will... is what happened. Heaven will come on Earth. Our Father, who art in Heaven, hallowed be thy name, thy kingdom come... This is Jesus praying the Lord's prayer. It used to be on a poster or a picture or a plate, and it was on the walls of every kitchen you could think of. And we were a much better country in those days. We still are. The media obscures who we really are. We are godly people. We pursue God with all haste, and that's who we are. There's some that are not there yet, and we are doing our very best to bring people into the kingdom, but they say they want to do their own thing.

Robert:

You can not. You are influenced by somebody. Hopefully you've saw the light and come into God's kingdom. Or you could be kicked around on Earth by Satan, who hides from you, or his demons, who cannot come on the Earth. They are in Hell, which is below ground, and they only come out through your spirit. Not through your spirit; you're already spiritually dead. That they can come into your mind, or your mind is... Let's say your brain is physical. You can see your brain, it's about three pounds. And inside of it, they calls it your mind. God calls it your soul.

Robert:

You are a spirit, soul and a body. That's who you are. And what we're talking about is spiritual matters that, hopefully, you can understand by your soul. The Bible, the New King James version; read it in detail. Tell you all of the stuff, but read it with the Holy Spirit. It's a totally different book if you read it with the Holy Spirit.
